

A young man with glasses is focused on assembling a LEGO Mindstorms robot on a desk. In the background, a laptop displays a technical diagram. The scene is well-lit, suggesting a classroom or workshop environment.

# INTRODUCTION

**Name: Njuguna Jackson Maganga  
son to: Kiemo Kennedy Njuguna  
Njuguna Beatrice Mkawughanga**

# Background:

Born and raised in Kangari Town, Muranga County

Fascinated by technology from a young age

Tinkering with gadgets and exploring basic computer programs

# Family Background

Supportive family environment

Encouraged to explore my interests

Importance of hard work and dedication instilled from a young age

# Education

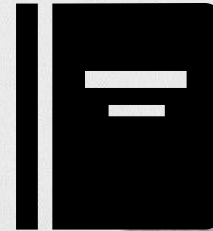

Strong foundation at Njiiri High School

Fostered problem-solving skills, critical thinking, and a love for learning

DeKUT: A catalyst for growth

BBIT program equipped me with a comprehensive understanding of IT

# Programming Expertise

Proficiency in programming languages like Java, R, and Python

Ability to translate ideas into functional code

# Beyond Programming

Database management skills

Understanding of network design and administration

Problem-solving skills

Data Analysis

People skills

# HOBBIES

- Reading books
- Movies
- Playing Soccer
- Outdoor activities
- Sleeping

# Experience

Internship at Nyeri Referral Hospital as an IT Administration Intern

Applied theoretical knowledge to real-world situations

Honed adaptability and problem-solving skills

# Reflections and Future Goals

Commitment to continuous learning

Importance of perseverance and overcoming challenges

***Thank You DeKUT.  
God Bless you all.***
